PROFILE

Seeking an internship/position working closely with experienced artists to further my knowledge and develop my skills to become a part of your team! My main interest and strengths lie in Look Development and Texturing, while Gnomon has also given me skills in Modeling, Lighting, and Compositing. I'll be entering into my last term of school in mid-March and am eager to learn and expand my production skills.

Please note that reel is a WIP; still attending Gnomon.

EDUCATION

Gnomon School of Visual Effects, Hollywood (July 2016 - Present)

Entertainment Design for Digital Production
